

PIN Design

Do you like to draw and design? Would you like your design to be selected as the 2025 state pin? How would you like that pin to be seen at the National Conference? The winner of this contest will be designing the official state pin for Nevada Technology Student Association. If so, then follow these easy instructions and enter your design in the Nevada TSA Pin Design Contest.

General Rules of the Contest

Deadline for all designs is **November 15, 2024**

Pin designers **MUST** be active/registered/dues paying Nevada TSA members

Artwork must be submitted electronically via the submission form below. Please use JPG, PNG, or EPS formatting only.

The pin design should reflect all of Nevada and TSA and be student/state appropriate.

Designers can think outside the box... dangles, flashers, puzzle pieces and other concepts will be considered.

Please do not submit different variations of the same design. You may submit different designs.

The designs will be selected prior to the state conference. The winning designer(s) will be announced at Nevada State Conference to be recognized by the state association. The pin design will be manufactured and be available at the State Conference and traded at the National Conference as the Official Nevada State Pin.

PIN GUIDELINES:

A maximum of 5 colors is suggested.

The pin size will not exceed 1.25 inches in diameter after it is made. Please take into consideration the size and understand that very small detail in your design would not be seen.

Pin design submissions must be sent with dimensions of 5" x 5".

Pins must have the state, and either national or Nevada TSA logo on the pin and the year (2025).

Pins cannot pertain to any copyrighted material.

Many state associations go to great lengths to design a pin reflecting their state and its individuality. In designing this year's pin, remember the uniqueness of our state and our quality of life.

Pin designs must be created on a computer. Adobe Illustrator, Photoshop, or similar programs are preferred.

Submission form can be found [HERE](#)
